**SOUTH AFRICAN GRAPE**

Hi everyone, hope all is well and staying warm. I just wanted to give you an update regarding the South African Grapes.

The grapes are sourced from *Breedekloof* in the *Breede River Valley* which is not too far from Cape Town South Africa. This area yields a large portion of the country's total wine production.

Conditions have been extremely dry with a heat wave in December.

These have made for an earlier season this year.

Due to the fact that the grapes were so nice last year we will be carrying multiple varieties this year, but quantities will be limited.

*Pinotage* and *Sauvignon Blanc* will be arriving the end of March.

*Cabernet Sauvignon*, *Merlot* and *Syrah* will be arriving the end of April.

Please remember that quantities are limited, so do your best to get your orders in as soon as possible.

If you have any questions, please call.
